White housing

Local control. Each room sets its level.

The SK-860K lets a room or zone set its own music level without touching the amplifier. Wire it into the 100 V speaker line ahead of up to 60 W of speakers. Add up the speaker taps on the line and keep them under the rating.

Room by room
Each space sets its own background music level.

60 W rating
Controls up to 60 W of speaker taps on a 100 V line.

Wall mount
Standard wall box, with a surface casing included.

Plan for paging
Pair with an override where announcements must always be heard.

ABS housing
Neat white ABS front plate.

Zoned systems
One control per room or sub-zone.

APPLICATIONS

Offices | Meeting rooms | Restaurants | Hotel rooms | Classrooms | Retail stores
