T-511C

Condenser paging microphone

A condenser tabletop paging microphone powered by phantom power, for reception desks and control points.

Condenser | Gooseneck | Phantom powered | Desk base

Condenser
Capsule

48 V
Phantom power

Desk
Mounting

XLR
Balanced

Clear paging. From the front desk.

The T-511C is a tabletop condenser microphone on a gooseneck, for clear announcements from reception and control points. It is powered from the amplifier's phantom supply, so there is nothing else to wire.

Condenser capsule
Clear, intelligible speech for paging.

Phantom powered
Runs from the amplifier mic input.

Gooseneck
Positions the capsule close to the talker.

Pairs with mixer amps
For T-DM, T-B650DTB and TI series inputs.

Desk base
Stable weighted base for desks.

Paging first
Use the amplifier's MIC 1 priority for announcements.

APPLICATIONS

Reception desks | Offices | Schools | Retail | Control points | Clinics
