T-522UH

UHF dual handheld wireless microphones

A two-channel UHF wireless system with two handheld microphones, for classrooms, halls, meeting rooms and sports days.

UHF | 2 handheld mics | PLL tuning | Infrared sync

2	6 × 2	UHF	1
Channels	Systems in one area	PLL tuning	Receiver display

Two mics, one receiver. Easy to set up and use.

The T-522UH pairs a two-channel UHF receiver with two handheld microphones. PLL tuning and infrared frequency sync make setup quick, companding keeps speech natural, and up to six systems (12 frequencies) can run in the same area without interference.

Two handhelds
Two channels on one receiver with a single display.

PLL tuning
Manual frequency selection or infrared lock.

Clear speech
Companding for natural, clean sound.

Multi-system
Up to 6 systems, 12 frequencies, in one area.

Connects to any amp
Into a mixer amplifier or pre-amp line input.

Simple to use
For classrooms, halls and meeting rooms.

APPLICATIONS

Classrooms | School halls | Meeting rooms | Sports days | Places of worship | Events
