COMMERCIAL PA · IP NETWORK PA

T-7703

One-button help point

A one-button IP help point that calls the control room hands-free, receives announcements and links to door locks and alarms.

One-button call · Hands-free · IP55 · Flush or surface

1	3 W	IP55	0.5 kg
Call button	Built-in speaker	Protection	Weight

Help is one button away. Talk to the control room.

The T-7703 is a slim IP help point. Press the button to start a hands-free call to the duty room or paging station. It also plays announcements through its 3 W speaker, can open a local door lock or light an alarm, and reports tampering. Mount it flush or on the surface, indoors or in covered areas.

One-button call
Quick, hands-free intercom to the duty room.

Hears announcements
3 W full-range speaker and sensitive microphone.

Door and alarm
Drives a local door lock or alarm indicator.

Dry contacts
2 short-circuit inputs and 1 output for linkage.

IP55
For indoor and covered outdoor areas.

Remote updates
Firmware updated over the network.

APPLICATIONS

Parking · Stations · Lifts and lobbies · Campuses · Hospitals · Gates

Skyco Technologies (Pty) Ltd · 151 Lechwe Street, Corporate Park South, Randjespark, Midrand
